- Delivered training sessions to staff, resulting in a 25% increase in CRM utilization efficiency and a 15% reduction in user support requests.

PROJECTS

Showplus movie search app 🔗
• Built a react app to render results of movie search via the OMDB API. • Integrated the react hooks including useState, useEffect, useReducer, etc.

PHP Image Manipulator 🔗
•Implemented an image modifier to resize, watermark and covert images from other formats to WebP. • Used several PHP classes and third-party packages including spatie\image, imagewebp, imagecopyresampled, etc.

Vue Image Uploader 🔗
• Upgraded a vue package which can be used to attach one or more images in create or update forms. • Integrated vue state management library (vuex) to share date between the encapsulated component contents.
